America's Favourite Fire

Lopi gas stoves and fireplace inserts have been America's favourite choice in fire for over twenty-five years. Our reputation for solid craftsmanship, reliable performance and unbeatable heating efficiency has been a winning combination year after year, and the favourite fire of families across the nation.

Lopi gas fireplace inserts are designed to turn your existing fireplace into an economical and beautiful heat source. You'll still enjoy a gorgeous fire without losing the heat out your chimney!

Our inserts feature designer faces for any decor and numerous finishing trims. Quiet blowers are standard in the DVL inserts and are designed to increase the heat transfer into your home. Remote controls or wall thermostat can also be added for hands free convenience and comfort.

The Lopi DVL, a perfect choice to convert your existing fireplace or new fireplace built from a non combustable material.

Clearances to Combustibles

See owners manual for non-combustible clearances

Improper installation of your gas appliance or failure to operate it in accordance to the guidelines detailed in the Owner's Manual may negate your warranty and endanger your home and family. Installation information is available on our website at: www.lopi.com.au. We recommend all Lopi appliances be installed and maintained on an annual basis by your local authorised Lopi dealer.
