

Clearances to electrical equipment.

The following are the recommended minimum clearances for the location of any electrical equipment (such as Plasma TV, LCD TV or home theatre) above an escea gas fire.

Use either (1) a shelf or mantle below your TV screen or alternatively you can construct (2) a recess to mount you TV screen into.

Note: The above recommendations are to be treated as a suggestion of a suitable installation. It is the responsibility of the end user to check the installation instructions of their electrical appliances to ensure that their location in relation to the gas fire, is suitable.

Escea in no way guarantee that the above installation suggestion will be suitable for all electrical or home entertainment appliances.
