

LOOP FIRE TOOLS

This 3-piece tool set fits neatly together and is wall mounted. It incorporates the following pieces:

- Poker/Log Rake with soft rubber handle
- Rubber Brush
- Rubber Ash Scoop

CAST IRON HUMIDIFIER

Morsø cast iron kettles are available in two sizes, 2.0 litre or 4.5 litre. Made of enameled cast iron, the kettles are suitable as humidifiers and as a decoration on the stove.

LEATHER GLOVE

This protective glove is made with thick leather and is available in black with the Morsø logo in white for either left or right hand.

LOG CARRIER

This handy wood carrier is made of black canvas and has sturdy wooden handles.

STORAGE BUCKET

This 15 litre bucket comes with a tight fitting lid to ensure containment of ashes until all embers are put out.

S-STOVES

Morsø S10-40

The Morsø S10-40 wood burning stove is part of Morsø's new range of S-series steel stoves with a focus on modern expression. The front of the stove is dominated by a beautiful large glass door which ensures maximum enjoyment of the fire and gives the stove a clean, contemporary exterior. The S10-40 uses the latest combustion technology and therefore complies with all regulations and standards, including the Swan eco-label. The view of the flames is adjustable using a simple handle.

- Side	400mm	EFFICIENCY	74%
- Rear	50mm	HEAT OUTPUT	5kW
- Corner	175mm		

Morsø S10-70

Following the great success of the S10-40 we are proud to introduce our first wall hanging stove of the S-series, the Morsø S10-70. A highly attractive contemporary stove with a large viewing area, the S10-70 is a stunning visual feature in any living room, and provides a rated output of 5kw. The new S10-70 is our most exciting model to date and shows the future of stoves to be both functional and attractive. It also complies with all regulations and standards, including the Swan eco-label.
