Hardware Included

- 42 Dowel (5 spares)
- 35 Cam Fitting
- 4 Screw #10-24 x 1/2
- 2 Screw #10-24 x 1-1/2
- 1 Offset Screwdriver

PRE-ASSEMBLY INSTRUCTIONS

1. Ensure the unit is mounted to the wall with the bracket provided.
2. Remove all protective film.
3. Screw dowels in using a Phillips head screwdriver.

Note: Do not over-tighten or counter sink. The dowel's shoulder should be flush with the board as noted below.

4. Push cam fittings in with arrow pointing towards edge.

5. Rotate cam fittings 180 degrees clockwise to lock parts together.

TOP CABINET ASSEMBLY

6.

7.

8.

9.

BOTTOM CABINET ASSEMBLY

10.
