

RF1200

Decorative Flame Fire

Rinnai

Relax. It's a Rinnai.

Ambience and style to add warmth to any interior.

The RF1200 is a contemporary and stylish through wall fire. The fire has one side open and one side glassed in, and can be installed as an impressive way to divide a room or provide a window into another room. A unique feature of this through wall fire is that with the addition of a second piece of glass, the fire can be used on an external wall, joining an outdoor entertaining area to an indoor living room. Set to transform your home, the RF1200 provides an ambience that is unforgettable.

Features and Benefits

- > Sleek, sophisticated stainless steel fascia
- > Fascia options available in 3 or 4 sided
- > Modern landscape design
- > Ability to be installed on an external wall
- > Designed with ease of installation in mind
- > Zero clearance box is supplied as standard
- > Remote control with options to regulate flame height and fan speed

Stainless Steel with White Pebbles

Additional Features

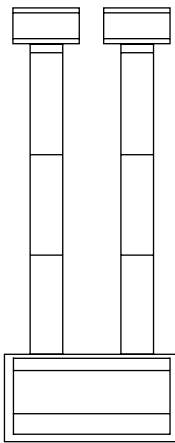

White pebbles with reflective panels

- > Side mirror reflector panels are supplied as standard with the unit, producing the illusion of more depth to the dancing flames.
- > The unique see through glass window will become a main feature in your home, providing an elegant atmosphere to any setting.
